

## ASSP – LA Chapter | June 2025 Newsletter

AMERICAN SOCIETY OF  
SAFETY PROFESSIONALS  
Los Angeles Chapter

SILVER LEVEL CHAPTER  
2023-2024

### Event Recap: Fox Studios Tour

The ASSP – Los Angeles Chapter recently hosted an engaging and educational event at Fox Studios, drawing over 35 Safety Professionals from Los Angeles to Riverside. Attendees got a unique behind-the-scenes look at safety practices in the film production industry, led by the Fox Studios EHS and Fire Safety teams. The event featured an exclusive studio tour that highlighted both the rich history of the lot and real-world applications of production safety practices. There was also an in-depth presentation by LJB Engineer, Thomas Kramer, who provided valuable insights into fall protection equipment and upcoming changes to Cal/OSHA Fall Protection regulations. Special thanks to the Fox Studios team; Linda Morales, Micah Auerbach, and Chris Kumfer for their contributions to this incredible event!

### Mentorship and Emerging Professionals Programs

If you would like to be involved with the mentorship program, then please reach out to Jasmine San Nicolas at [jsannicolas@uscompliance.com](mailto:jsannicolas@uscompliance.com).
